

## GAP YEAR

Whether it's between high school and university or during a sabbatical year in university, a gap year or semester provides opportunities for growth, reflection, adventure, and studying beyond the usual confines. We offer support to gap-year students through direct enrollment in university courses, internships, service learning, and individual study programs (ISPs).

## HIGH SCHOOL

1 or 2-semester educational programs in prestigious schools, along with accommodation with carefully selected, affectionate families. Additionally, we offer a fantastic cultural and activity program, as well as close support throughout the entire period.

## TEACHER TRAINING

For more than two decades, we have been providing exclusive training courses shaped by neuroscience for over a thousand ELE teachers from all over the world. Our programs cater to educators who aspire to find inspiration, reflection, introspection, and enhancement in their pedagogical abilities.

## ONLINE CLASSES

We have been offering courses abroad to the planet's educational community since 1982 and we still stand strong; our commitment to education now goes even further. For this reason, we offer you the great opportunity to PARTICIPATE from a distance with our live online classes and to learn to the fullest with our great team of professionals
